[Despatch-Abstract.]

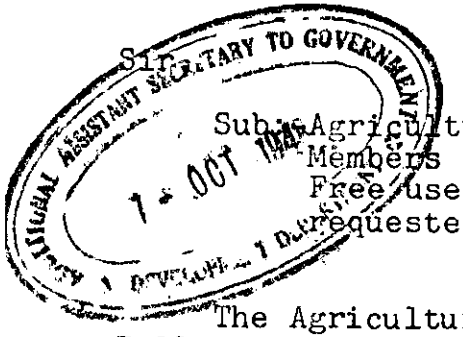
Agra — Agril Research Station; Hagari
Annuities to members of the staff —
Free use of farm cart at the
station by school-going children
of the resident members of

AGRICULTURAL DEPARTMENT.

From
R.M. Sundaram Esq.,O.BE.,I.C.S.,
Director of Agriculture,
Chepauk, Madras.

To
The Secretary to Government,
Development Department,
Fort St. George, Madras.

W.4-1845/48 dated 4-10-1948.



Sir,

Sub:- Agriculture - Agricultural Research Stations - Amenities to Members of staff, Agricultural Research Station, Hagari - Free use of Farm cart for school going children - Sanction requested.

The Agricultural Research Station, Hagari is situated 9 miles from Bellary Town. It is only a village and there are no educational facilities for the children of the staff working on the Farm. Hence the children have to go to Bellary by train daily for their education and return in the night.

The schools have already opened at Bellary in June '48. The children are therefore compelled use of the Farm cart to and from the Research Station which is 2 miles from the farm.

In view of the difficult conditions under which the subordinates at Agricultural Research Station, Hagari are placed, I request that Government may be pleased to sanction the Free use of Farm cart to Hagari Research Station for taking children to school and back.

Sanction for the free use of the cart by the school going children of the station at Agricultural Research Station, Hagari, is also requested from 7-6-48 as the cart is being used in anticipation of sanction of Government.

(SD) R.M. Sundaram,
Director of Agriculture.

—

The attention of the D.A. is invited to the orders issued in G.O. No. 2154, Dev, dt 28/4/48. The children of the staff at Singappa are being charged at present—

a concessional rate of annas eight per mile ~~for~~ per month for the use of the farm cart available at the statio As conditions at Hagari are similar to those at Singappa, it is suggested that a similar rate may be prescribed for the use of the farm cart by the children of the members of the staff at the Agrl. Research Station, Hagari The D. A. is requested to state whether he agrees to this suggestion or if not to justify this proposal in greater detail.

Sir,

Sub: Agriculture - Agricultural Research station - Hagari-Amenities to members of the staff - Free use of farm cart at the station by the school going children of the resident members of the staff.

Ref: Govt. Memo. No.107011/AII-48-5 dated 2/1/49.

....

The children of the staff of the Agricultural Research station, Hagari have to go on cart from the Hagari Farm to Hagari Railway Station and from there to Bellary Railway Station paying Railway fare. Other officers of this Department invariably have their Headquarters at District and taluk centres where educational facilities for their children exist and they are not normally put to any expenditure on account of conveyance in this respect. Even as regards the staff working at Siruguppa and other farms in whose cases the concessional rate for use of farm cart was extended in G.O.No.2154 Development dated 28/4/48 they are not put to any extra expenditure for Railway fare as in the case of Hagari Farm.

I therefore request that Government be pleased to sanction the free use of the Farm cart for taking the children of the members of the staff at the Agricultural Research station, Hagari to and from the Railway station at Hagari.

R.M. Sundaram,

Director of Agriculture.

Please see the reference from the D.A. in the C.F. and the draft order at pp.1-2 above.

Attention is invited to G.O.No.2154 Development dated 28-4-48 in which general permission has been accorded for the use of Farm Carts by children of the staff working at certain Agricultural Stations for going to school on payment of concessional rates of hire charges. There seems to be no sufficient justification for allowing the use of the cart in the present case, free of cost, as it will lead to similar requests from other stations. Finance may suggest that the rates prescribed in G.O.No.2154 Development dated 28-4-48 may be adopted in this case also.

20.11.48

To A.S. Please see the the notes of Fin. Dept. above. It is submitted that the conditions prevailing at Hagari are quite different from other places. The Station is situated over a distance of 10 miles from the nearest town of Bellary and postal, telegraphic and educational facilities are absent there. Another serious handicap is the non-availibility of medical aid and the place is a malarial one. As the staff at the station have to work putting up personal inconveniences and trouble, the question of providing sufficient amenities in order to induce the staff to stick on to the station is engaging the attention of the D.A. The conditions at Hagari are on a par with those obtaining at Sirugappa. The staff employed in the station at the latter place now draw the Tungabhadra Project allowance. The question of granting a similar compensatory allowance to the staff employed at the Agrl Research Station, Hagari is separately under consideration. The use of farm carts by the children of the staff at the Agrl. Research Station, Hagari free of cost may there-

be sanctioned as a special case. ~~Fin may see again as they may be requested to kindly reconsider the views expressed at o.3 above.~~ This concession also will be ~~vialble~~ only for a short period as the Govt. have already approved the proposal of the D.A. to carry out necessary alterations to the truck obtained from the P.H.Dept. for this station ~~in order~~ and to make it fit for carrying the school going children and the farm staff of th station to Bellary. Fin Dept may see again the case and they may be requested to kindly reconsider the views expressed in their note at p 3 above. For orders

To A.S. The papers required to at 'A' on ~~p.19~~, on p.4 above, are at P.Nos. 19 to 21 C.F. of R.O. No. 1478, Dev., dated 24.2.48.

It would appear from p.9 C.F. of R.O. No. 3468, Dev., dated 11.9.46 that the station wagons when provided at Hagari will be used by the schoolgoing children of the farm staff on payment of a nominal fee. With reference to 'x' of Fin. Dept's notes on p.4 above, it may be mentioned that a fee of annas eight per mile p.m. is now being charged for the use of the farm cart by the children of the staff resident at ~~the~~ Singatta. In the circumstances the D.A. may perhaps be asked to state why the rates & conditions fixed in R.O. No. 2154, Dev., dy 28/4/48 should not be applied in the case of Hagari also. The draft memo to the D.A. below is for approval.

x Item III, 1 on p.9 C.F. (W)

(Previous note of Finance on p.4 above).

In November 1947 the Director of Agriculture reported that the resident members of the departmental staff of the Agricultural Research Stations and Crop Breeding Stations ~~in this Province~~ were experiencing considerable difficulty in providing conveyance for sending their young children to school in places where the school is situated at a distance of one mile or more from the station premisses and

[illegible]d that the children of the staff working at the

9. Kalahasti.
10. Pattambi.
11. Guntur.
12. Nandyal.
13. Aduthurai.

stations noted on the margin might be allowed to use the farm carts available at the respective stations at concessional rates of hire charges. As the carts are to be utilised without detriment to the regular departmental work and on payment of charges, the Govt. accepted the recommendation of the Director of Agriculture and prescribed the following conditions for the use of the Farm Carts:-

(1) The rate to be charged shall be annas eight per mile per month per child irrespective of age, the distance travelled for journeys to and fro in a day being rounded off to the nearest mile, for calculating the monthly rate.

(2) The minimum number of school going children should not fall below 3 or 5 for engaging a single bullock or double bullock cart respectively.

(3) The concession will be applicable only to the School going children of the Farm staff and not to outsiders.

-- see G.O.No.2154 Development dated 28-4-1948.

2. In October 1948, the Director of Agriculture reported that the Agricultural Research Station Hagari is situated in a village 9 miles from Bellary Town where there are no educational facilities in the village and that for the children of the staff working in the farm ~~and hence the children~~ have to go to Bellary by train daily for their education and return in the night. ~~In those circumstances~~, The Director of Agriculture stated that the children of the Resident staff at Hagari are compelled to use the Farm Cart to and from the Railway Station at Hagari, which is 2 miles from the Farm and requested sanction for the use of the Farm Carts by the children free of charges from 7-6-48, as the cart was so being used from that date in anticipation of sanction of Government. This Deptt. considered that there was no justification for allowing the free use of the cart ~~free of cost~~, as it would lead to similar requests from other stations and suggested that the rates and conditions prescribed in G.O. No. 2154 Devt. dated 28-4-1948 may be adopted in this case also. However, Devt. stated that the conditions at Hagari are on a par with those obtaining at Siruguppa where the staff are allowed to draw Project allowance and that the concession proposed (viz., use

of farm cart by the children of the staff free of charges) ~~will~~ would be availed of only for a short period as the Govt. had already approved the proposal of the Director of Agriculture to carry out necessary alterations to the truck obtained from the Public Health Deptt. for the Hagari Research Station and to make it fit for carrying the school going children and the farm staff of the Station to Bellary. However, it was observed that a fee of annas 8 per mile p.m. per child ~~is~~ being charged for the use of the farm cart by the children of the resident staff at the Agricultural Research Station Siruguppa and that the intention was that the station wagon when provided at Hagari would be used by the children for going to school on payment of a nominal fee. In the circumstances, the Director of Agriculture was asked to justify his proposal for allowing the farm carts being used by children of the staff at Hagari free of charges. In his reply at p.11 c.f. the Director of Agriculture states that these children have to go on cart from the Hagari Farm to the Hagari Railway Station and from there to the Bellary Railway Station paying Railway fare and that even as regards the staff working at Siruguppa and other farms in whose cases the concessional rate for the use of farm cart was extended in G.O.No.2154 Dev. dated 28-4-1948, they are not put to any extra expenditure for Railway fare as in the case of Hagari Farm. In the circumstances, he re-iterates the request that sanction may be accorded for the use of the farm cart (with effect from 7-6-1948) (free of charges) for taking the children of the members of the staff at the Agricultural Station, Hagari to and from the Railway Station, Hagari. At the rate prescribed in the above G.O. (+) the charges payable comes to Rs 2/- p.m. for each child in this case. Devt. consider that the concession is petty and support the proposal as it extends an essential amenity to the staff working under trying conditions. ~~For orders whether~~ Finance may agree to the proposal as a special case.

15.2.49

This Dept may agree to the free use of the Cart in this case in view of the special circumstances mentioned at 'X' and on the distinct understanding that it will not be quoted as a precedent for similar concessions elsewhere. The concession may take effect from 7.6.1948 and the conditions mentioned at 'Y' may be laid down.
